

# AKSHAT PANDEY

Braintree, MA

 qatoakshat@gmail.com |  [github.com/CodingSkywalker](https://github.com/CodingSkywalker) |  [codingskywalker.github.io](https://codingskywalker.github.io)

---

## OBJECTIVE

Motivated Computer Science undergraduate at the University of Massachusetts Boston. Interested in software development, problem-solving, and collaborative technical work, with a strong foundation in programming fundamentals and a commitment to continuous learning.

---

## EDUCATION

**University of Massachusetts Boston** — Boston, MA

Bachelor of Science in Computer Science

September 2025 – Present

**Braintree High School** — Braintree, MA

High School Diploma

Graduated June 2025

---

## TECHNICAL SKILLS

- **Python** (fundamentals, scripting, problem solving)
  - **HTML & CSS** (web structure, styling, responsiveness)
  - **AWS** (basic cloud concepts and services)
  - **Git & GitHub**
  - **Visual Studio Code**
- 

## PROJECTS

**Personal Portfolio Website**

- Designed and developed a personal website using HTML and CSS to showcase projects, certifications, and technical interests
- Implemented clean layout, navigation, and responsive design
- Deployed using GitHub Pages

**Python Network Diagnostic Tester**

- Built a Python program to perform basic network diagnostics, such as connectivity and response testing
  - Used Python standard libraries to interact with system networking tools
  - Focused on clarity, reliability, and readable output
- 

**CERTIFICATIONS**

- AWS – Introduction to Machine Learning
  - AWS – Introduction to Generative AI
- 

**EXPERIENCE & ACTIVITIES****Technology Intern — Braintree High School Technology Department**

- Assisted with device setup and configuration, including Chromebooks
  - Helped resolve basic technical issues for students and staff
  - Supported smooth daily technology operations
- 

**ADDITIONAL**

- GitHub username: CodingSkywalker
- Strong interest in collaboration, learning new technologies, and solving real-world problems
